

SkillsUSA Region 2 Update

Contest Date January 31, 2026

Updates-- Region 2 Competitions

IT'S CONFERENCE TIME!

First, I would like to say thank you all for what you do for your students, school, workforce and SkillsUSA! If it wasn't for your expertise, time and willingness to train these young adults we would not have the skilled workforce we so desperately need. With that being said, here is some much needed information about the Region 2 Regional Contests.

There are several contests that will receive a **BYE** advancing students to state. The contests in **bold lettering** below are the only contests that will be held, and the number of students that will advance to state. In some contests we have increased the number advancing to state so that more students get to the opportunity to compete.

Leadership contests:
